Health Screening:

Health Screening with NorthPoint and the U of M School of Nursing

- December 10th, in collaboration with NorthPoint and the U of M School of Nursing, we completed our 2nd years of health screenings for our school.
- All KG and 1st graders were screened, 2nd through 7th any new students were screened, and any students who may have missed screening last year were screened.
- We would like to say THANK YOU to the U of M School of Nursing Students and the NorthPoint dental worker all of their time and energy to make sure that our students are in the best of health.
- The next steps will be to get the results out to the parents. Look for a letter from the school January of 2009.
- NorthPoint will be providing day(s) for those who were referred for: vision, hearing, and dental.
